## SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health.

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

At all drug stores.

## A REAL KIDNEY MEDICINE— ALWAYS RELIABLE

I feel that I ought to tell what I know about Swamp-Root and what it has done for me. I was down and out and had to quit work in 1906; I only weight 135 pounds. The doctor said I had Kidney trouble in the worst form, and my liver was out of order; and I had Rheumatism so badly I could not get around. One day I picked up an Almanac and saw your advertisement, and it fit my case exactly. I got a one-dollar bottle and took it and when it was gone I felt so much better that I bought five more bottles of Dr. Kilmer's Swamp-Root and I was a well man; my weight increased until I weigh 219 pounds. I am 65 years old and I am feeling fine and work every day. I have three men who knew me when I had to quit work in the mill in 1906, and who will make affidavit to my present health. If you want to use the above statements as my testimonials, you have my consent.

Yours very truly,  
**W. T. GRAVES,**  
Anderson, Indiana.

Personally appeared before me, this 4th day of February, 1914, W. T. Graves, who subscribed the above statement and made oath that the same is true in substance and in fact.

## CUNARD LINER LUSITANIA SUNK BY GERMAN SUBMARINE

(CONTINUED FROM PAGE ONE.)

officials. It is generally believed that the situation is the most serious since the outbreak of the war. President Wilson read dispatches late tonight but did not comment on them. The government is not inclined to act hastily, and is awaiting an investigation.

London, May 7.—The Cunard liner Lusitania was torpedoed and sunk this afternoon ten miles off Old Head, Kinsale, Ireland. She carried 1,253 passengers. They, with the crew were all saved. The huge vessel sank in thirty minutes. Relief was sent immediately from Queenstown.

The naval station sent three tugs, five trawlers and a life boat. The Lusitania's lifeboats were launched before she was sunk.

Old Head is less than twenty miles from Cork on the Irish coast. The Lusitania's first call for help by wireless reached Queenstown at two fifteen this afternoon. It said "Want assistance. Sinking badly."

The Lusitania was launched at Clydebank June 7, 1906, and started on her first trip September 7th, of that year. On this trip she had 188 American passengers aboard, the rest being British and other nationalities. Among the passengers on her first trip were Elbert Hubbard and Alfred G. Vanderbilt. A Greek steamer is reported towing several boatloads of survivors to Kinsale. Other vessels have been sighted passenger laden for Queenstown and Kinsale. The report that the passengers and crew were saved has been officially confirmed.

London, May 7.—The Turkish official announcement at Constantinople which was received here today, says that severe losses have been inflicted on the French and the British troops which landed on the Gallipoli peninsula. It is declared that one entire battalion has been annihilated. The reports direct from the Dardanelles, while containing no details of the land fighting, say that the sea bombardment of the Turkish forts is proceeding successfully. Some forts at Shanna and Kild Bahr, probably the others on both sides of the straits up to the narrows are said to have been silenced.

The exact status in the great battle in western Galicia remains in doubt. The German and Austrian reports of a spectacular victory are increasingly optimistic. It is stated that Russian resistance is being broken down steadily and that the whole Russian army in the Carpathians has been placed in a precarious position.

Petrograd advices, however, while conceding a measure of success to their Teutonic foes, say these claims are greatly exaggerated. The Russian war office announces a victory near Stry, in the Carpathians, east of the scene of the present main battle.

Hopes that Italy would settle her differences with Austria peacefully are falling again. The Austrian government is reported to have informed Italy of extreme concessions it is willing to make. Austrians and Germans in Rome are said to have lost confidence of a favorable outcome. The German schools in Rome are closed in receipt of a telegram from Berlin and the exodus of the Germans from Italy is continuing in increasing numbers. Austria is making energetic military preparations for a possible attack by Italy.

## PULPIT COMMITTEE IN SECOND MEETING

HAS BEEN APPOINTED TO NOMINATE DR. VINES' SUCCESSOR

NO REPORT READY

Probable Committee Will Have Nothing to Report For Some Time Yet.

A meeting of the pulpit committee of the First Baptist church, appointed for the purpose of recommending to the congregation of this church a minister to succeed the Rev. John F. Vines, D. D., who resigned last Sunday to accept a call to Roanoke, Va., was held yesterday afternoon at 6 o'clock in the directors' room of the Bank of Anderson. There was nothing to give out for publication following the committee meeting.

The pulpit committee was appointed by the board of deacons of the church and consists of three deacons—Col. J. N. Brown, Mr. J. A. Brock and Mr. P. E. Clinkscales—and twelve members of the congregation at large, as follows: Messrs. D. A. Ledbetter, C. S. Sullivan, Jas. P. Kinard, E. R. Horton, Ernest F. Cochran, F. M. Burnett, J. D. Brown, J. P. Crowther, J. L. Hembree, Rufus Fant, A. W. Kay and Fred G. Tribble. The committee has met and organized, electing Mr. C. S. Sullivan as chairman and Mr. P. E. Clinkscales as secretary.

It is understood that the committee has several ministers in mind, but as yet have not, of course, taken up the question of deciding upon any one. In fact, it is understood the committee will not be in a position to report to the congregation for sometime yet.

It is probable that the matter of recommending a pastor will be postponed until after the Southern Baptist convention, which will be held in Houston, Texas, to allow a sub-committee of the pulpit committee to attend the gathering in the hope of getting a line on a successor for Dr. Vines.

## Best Laxative For Children

When your baby is cross and fretful instead of the happy, laughing little dear you are accustomed to, in all probability the digestion has become deranged and the bowels need attention. Give it a mild laxative, dispel the irritability and bring back the happy content of babyhood.

The very best laxative for children is Dr. Caldwell's Syrup Pepsin, because it contains no opiate or narcotic drug, is pleasant tasting and acts gently, but surely, without griping or other distress. ## A Great Fight Against Chinch Bugs.

Farm and Fireside says: "To fence against chinch bugs, 1-500 miles of barriers were laid down to protect cornfields last year. This cost \$40,500, including labor. The average yield of the protected fields was 25 bushels to the acre, and it is estimated that the barriers added to the yield of corn the value of \$714,710. This sort of work has to be done by cooperation."
